

## Backend Developer/ C#, ASP.net, Container

### **Backend developer, C#, ASP.net, Container (m/f/x)**

You have several years of experience in C#, ASP.net and microservice development. You are familiar with Docker/Container/Kubernetes and Linux. Async programming is not new to you and CI/CD is your standard. Interest in mobile development would make you even more valuable in our team.

A motivated team within a small and flexible organisation is waiting for you. We have a warmly way to work together and a drive to get things done. Beside that we enjoy a vivid communication with our colleagues in other departments.

#### **UNICOPE GmbH**

UNICOPE is an independent and modern-thinking company that focuses entirely on the integration of VoIP telephone systems into IT environments. Our core competencies range from cloud telephone systems to all unified messaging services such as fax, voicemail and SMS to complex IVR solutions.

You have been working in agile (SCRUM) environments, speak German and English (LEVEL B2 or higher), you are self-organised and have the passion to work partially in home office? You are willing to spend a day/week in Vienna? Great - let's get in contact.

### **Your Skills**

#### ***MUST***

- Several years Multi-platform .Net, C# development experience
- Solid ASP.NET | Open-source web framework for .NET Experience
- Understanding of Custom Middleware & the Request Pipeline
- Good understanding of dependency injection
- Experience with Microservices
- Comfortable with Async Programming

- Development for Docker/Container/Kubernetes Environments
- CI/CD experience, build pipeline (Gitlab)

### **NICE TO HAVE**

- Experience in frontend/mobile app development
- Networking (Port/Ip/Routing Config) and Linux
- Websockets/SignalR
- Understanding Authentication processes
- Async processing and Threading
- Some level of understanding of how the Threadpool in .Net works
- Experience with DB development
- Code/System Design Experience
- Experience with tools/Services like RabbitMq, Grafana, Redis, MongoDB, Graylog

### **SOCIAL SKILLS**

- strong collaborator and team player
- curious and open minded for self-learning
- problem-solving skills and critical thinking
- self-awareness (know your strengths and weaknesses)
- interpersonal skills (listening, caring, intrinsic motivation, responsibility ...)
- emotional intelligence (i.e. stay cool in stress situations)

### **WHAT MAKES US SPECIAL**

- Work-life balance and support for career development
- Homeoffice (max. 4 days a week)
- Individual social benefits
- A modern workplace in a young and dynamic team
- A minimum salary on a full-time basis (38.5 h/week) of € 3.500, - p.m. gross and more depending on individual experience and qualification.
